

adorne Collection
adorne® 700W softTap® Tru-Universal Dimmer, Magnesium, with Microban®
Part No. ADTP703TUM4

Turn lights on or off, or even dim them, with just a soft tap of a finger thanks to inventive micro-movement technology. Plus, as a Tru-Universal Dimmer, this dimmer switch self-calibrates to work with virtually any 120V dimmable bulb or fixture (excludes 0-10V). Always adjust to the precise light level you want, without the flicker.

This dimmer* features enduring Microban® antimicrobial technology that works to reduce the growth of bacteria, around the clock, for the lifespan of the product.

* Existing inventory of switches, dimmers and plastic wall plates from the adorne® Collection at some partner locations may not yet include Microban® protection. To confirm that a specific Legrand product is protected with Microban®, check that the exterior of the product packaging includes a green dot or a "Protected with Microban" label.

Made exclusively for use with screwless Wall Plates from the adorne® Collection, sold separately.

No antimicrobial efficacy claims are being made or are valid with respect to products sold in Canada.

Features & Benefits

Helps fight the growth of stain and odor-causing bacteria through the invisible and continuous product protection of Microban® antimicrobial technology

Installs in 15 minutes or less, fitting into an existing electrical box; neutral wire required.

Works with virtually any 120V dimmable bulb or fixture (excludes 0-10V).

Usable in both single-pole and 3-way applications.

For complete installation, device must be paired with an adorne® screwless Wall Plate (not included). Available in a range of contemporary colors and stunning finishes.

Perfect for adding precise light level control – all it takes is a soft tap to turn on/off or adjust brightness.

Self-calibrates when you select your fixture's lighting type, automatically setting the appropriate minimum voltage to eliminate flicker and poor performance.

More color options available to fit any style, including finishes to match current hardware and lighting trends.
