

120V CFL/LED DIMMER, GRAPHITE

RHCL453PGCCV4 | [radian](#)

FEATURES & BENEFITS

Replace any existing outlet with the modern appeal and added energy savings of this graphite finish, 120V CFL/LED Dimmer. The graphite finish is designed to complement the beauty of black stainless-steel appliances and satin or matte black fixtures and hardware.

The radiant® collection is a step up from the standard with simple, classic options in wiring devices, home automation controls and screwless wall plates that complement today's homes.

This dimmer is compatible with CFL/LED dimmable bulbs (except 0-10V LED drivers).

radian® Screwless Wall Plate not included.

LEED
CONTRIBUTION

- Replace any standard switch with ease.
- Combines ON/OFF paddle switch with separate slider for dimming control and convenient operation.
- White LED glows when dimmer is OFF for easy location in the dark.
- Constant memory returns lights to previous level after a power failure.
- Adjustment dial allows users to adjust the bottom of the dimming range for a wide range of CFL and LED bulbs.
- Single pole or 3-way operation for greater convenience and installation flexibility.
- No derating required in multi-gang applications.
- Rating: 450W LED; CFL; 700W Incandescent; 120VAC, 60Hz.
- For covering patents, see www.legrand.us/patents.
