

# Product End of Life Instructions

**Split core current transformer, PowerLogic UL2808 CT, size 3, 800A, 5A output**

## Potential disassembly risks

### ⚠ CAUTION

#### HAZARD OF PARTS WITH SHARP EDGES

Apply appropriate personal protective equipment (PPE) during disassembly.

**Failure to follow these instructions can result in injury.**

## End of Life Instructions

Recommendation	Number on drawing	Component / Material	Weight (in g)	Comment
To be depolluted	1	plastics, aromatic brominated compounds with antimony	232.2	Case

## Product description

Manufacturer identification	Schneider Electric Industries SAS
Brand name	Schneider Electric
Product function	This current transformer, standard for busbar, has a line rated current of 800 A and a secondary current rating of 5 A. This current transformer do have a 74 mm x 63 mm opening. Compliant with the safety / standard UL2808. These emergency stop rope pull switches can be equipped with trip indicators, cable tension adjustment can be performed using a turnbuckle.
Product reference	METSECTSP5A3080U
Additional similar product references	METSECTSP5A3080U METSECTSP5A3060U
Total representative product mass	1255.4 g
Representative product dimensions	136.14 mm x 148.08mm x 28.45 mm
Date of information release	12/11/2025

## Additional information

Legal information	This product family is in the scope of European Union directive 2012/19/EU on Waste Electrical and Electronic Equipment (WEEE). The product family must be disposed according to the legislation of the country. This document is intended for use by end of life recyclers or treatment facilities. It provides the basic information to assure an appropriate end of life treatment for the components and materials of the product.
Recyclability potential	<b>69%</b> The recyclability rate was calculated from the recycling rates of each material making up the product based on REEECY'LAB tool developed by Ecosystem, for components/materials not covered by the tool, data from the EIME database and the related PSR was taken. If no data was found a conservative assumption was used (0% recyclability).
