

TOUCH TRU-UNIVERSAL DIMMER

ADTH703TUM4 | [adorne](#)

FEATURES & BENEFITS

adorne® Touch Style Dimmers feature a stunning translucent face and operates just like an iPhone - simply touch your finger on the circle to turn the lights on and off, or use the arrows on the right to dim them. The Touch interface is created using a unique translucent material. In multi-gang installations, we recommend pairing Touch switches and dimmers for optimal consistency. Ideal for typical residential and light commercial applications, the Tru-Universal Dimmer is the simple solution to all your dimming challenges. It works with any 120V dimmable lamp, load and fixture.

- Self-calibration feature allows you to select lamp type, which then automatically sets the minimum voltage for that lamp, eliminating flicker and poor performance.
- Works with virtually any 120V dimmable lamp and load on typical residential and light commercial wiring.
- Use on its own to control a light from one location (single-pole operation) or pair with a 3-way switch to control a single light source from two locations (three-way operation).
- Preset, single pole and 3-way operation.
- Rating: Incandescent, Halogen & ELV: 700W, MLV: 500VA, LED/CFL: 450W (not compatible with 0-10V LED drivers), EFL: 5.5A (Use ADTH4FBL3PM4 for 0-10V)
- Tru-Universal requires Neutral.

SPECIFICATIONS

GENERAL INFO

Color: Magnesium

Available Colors: White, Magnesium, Graphite

Number Of Poles: Single Pole/3-Way

LISTING AGENCIES/THIRD PARTY CERTIFICATIONS

UL Standard: Yes

CONSTRUCTION INFORMATION

Material 1: Polycarb

DIMENSIONS

Depth (US): 1.20"

Height (US): 1.77"
Width (US): 1.77"

TECHNICAL INFORMATION

Volts (AC): 120 VAC, 60Hz
Watts: 700W
