

# Product Specifications

## #12 x 1-1/4" Weather Resistant Coated Tek 5 Hex Washer Head Self Drilling Screw

Part Number TXV12114

Category Number 4225

UPC 781002826545

Weather Resistant Coated Tek 5 Self-Drilling Screws are manufactured from cold-heading steel and feature a #5 drill point. The unique tip design allows them to drill, tap, and fasten metal to metal objects in one operation, without the need to pre-drill. This creates the optimal drill performance and thread forming experience. These screws feature a unique finish that provides excellent corrosion resistance and lower tapping torque making them ideal for use in harsh environments.

### Physical Characteristics

Type	Self Drilling Screw
Drive Type	Hex
Head Type	Hex Washer
Point Type	#5
Size	#12 x 1-1/4"
Dia./Thread Size	#12
Hex Size	5/16"
Length (in)	1-1/4"
Thread Pitch\Thread Per Inch	14
Material	Carbon Steel
Finish	Weather Resistant Coated

### Packaging Details

Standard Qty	100
Sleeve Qty	500
Master Qty	3000
Price Per	100
Package Length	2.18
Package Width	2.92
Package Height	4.31
Package Weight	1.30

### Performance Data

Special Features	Rust & Corrosion Protection, Non-Walking Point, 0.125" - 0.500" Drilling Capacity
Applications	Metal to Metal

### Certifications

RoHS Compliant	No
