Faster USB Outlets and Receptacles ..... 6

Fast USB Outlets and Receptacles ..... 8

All USB Outlets & Receptacles ..... 10

# ANY SPEED, ANY STYLE

It started with a simple receptacle. One that was safe and reliable, and rooted in the legacy of quality we’ve built and maintained for **over 130 years**.

**Then, things evolved.** And as power and charging needs have changed, so have our products. Ditching adapters, expanding functionality, boosting output.

Today, Legrand offers an extensive selection of industry-leading USB outlets and receptacles that can meet the preferences and requirements of any project, including the need for more speed. Explore exceptional options from three different tiers of charging rates and capacities to find the perfect USB charging solution for any job or space.

**Plus, we offer fast, faster and fastest solutions from two designer Collections.**

# SAFE, SOUND & SECURE

Caution is often a necessary part of utilizing public places, but access to secure USB charging shouldn’t be a reason for worry.

Designed specifically to provide streamlined power access, Legrand’s USB charging solutions connect only to electrical systems and are certified to specifications outlined by the USB Implementers Forum. This means our solutions prohibit the transfer and receipt of information from the connected devices, while also bypassing the data and A/V infrastructure of a facility, **so that any personal information on devices is kept safe.**

**NO FEAR OF JUICE-JACKING NECESSARY.**

# FASTEST: 2X THE CHARGING SPEED, Made Possible by Power Delivery

Our fastest solutions safely maximize charging speeds thanks to the Power Delivery (PD) standard.

**What is Power Delivery?** A technology standard and protocol that has revolutionized charging by providing a higher level of power than standard charging options. Ideal for use with the latest smartphones, tablets and other PD-enabled devices, it allows for up to 2X faster charging by ensuring those devices receive the highest level of power they can safely accept.

## NOT A WANT, BUT A NEED

Today's personal electronics need more power than mobile devices of the past. With 30W of power, our PD-enabled USB Outlets support faster charging for larger devices like iPads and tablets.

## FEATURED "FASTEST" USB CHARGING SOLUTIONS

R26USBPDW | TR20USBPDW

### radiant® 15A & 20A Tamper-Resistant Ultra-Fast Plus Power Delivery USB Type-C/C Outlets, White

- **Charging status indicator light\***
- Each include (2) Power Delivery-Enabled USB Type-C Ports
- 6A charging capacity
- 5V, 9V & 15V output; 30W per port
- Multi-layered overcurrent protection

ARTRUSB15PD30W4 | ARTRUSB20PD30W4

### adorne® 15A & 20A Tamper-Resistant Ultra-Fast Plus Power Delivery USB Type-C/C Outlets, White

- **Charging status indicator light\***
- Each include (2) Power Delivery-Enabled USB Type-C Ports
- 6A charging capacity
- 5V, 9V & 15V output; 30W per port
- Multi-layered overcurrent protection

\*INDUSTRY-EXCLUSIVE FEATURE

### CHARGING STATUS INDICATOR LIGHT

**Yellow:** Charging in-progress  
**Green:** Sufficiently charged

# FASTER & FUTURE-READY

## with USB Type-C

Technology has evolved dramatically since the introduction of the original USB Type-A port in 1996, and now the electronics industry is making the necessary shift to USB Type-C. Available in versions with both USB Type-A and C or with two Type-C ports, our Ultra-Fast USB Outlets also feature industry-leading amperage to help charge devices 40% faster than standard outlets.

### USB TYPE-C FEATURES & BENEFITS:

- Transfers higher power for both faster charging and use with larger electronics
- Smaller size better fits newer, slimmer consumer devices
- Symmetrical, reversible connector makes for easier use
- Becoming the industry standard due to universal charging mandates

### FEATURED "FASTER" USB CHARGING SOLUTIONS

TR15USBAC6W | TR20USBAC6W

#### Pass & Seymour® 15A & 20A Tamper-Resistant Ultra-Fast USB Type-A/C Receptacles, White

- Include (1) USB Type-A Port & (1) USB Type-C Port
  - 6A charging capacity
  - 5V output; 15W per port

R26USBAC6W | R26USBC6WCCV6

#### radiant® 15A Tamper- Resistant Ultra-Fast USB Type-A/C and Type-C/C Outlets, White

- Includes (1) USB Type-A Port & (1) USB Type-C Port OR (2) USB Type-C Ports
  - 6A charging capacity
  - 5V output; 15W per port
  - Weather-Resistant USB Type-A/C version also available for patios, decks and pool areas

ARTRUSB156ACW4 | ARTRUSB206ACW4

#### adorne® 15A & 20A Tamper- Resistant Ultra-Fast USB Type-A/C Outlets, White

- Include (1) USB Type-A Port & (1) USB Type-C Port
  - 6A charging capacity
  - 5V output; 15W per port

#### Additional Colors Available\*

\*Note: Not all devices are available in all colors.

# A DIFFERENT KIND OF *SPEED*:

## Faster Installation with PlugTail®

People want to charge everywhere, including commercial spaces and hospitals. Legrand's PlugTail devices were developed specifically to save contractors time and effort on larger jobs, installing 6X faster than conventional wiring devices.

**PLUGTAIL FEATURES & BENEFITS:**

- Faster, more reliable installation
- No exposed terminals for finger-safe application before, during and after installation
- Design ensures consistent, reliable electrical connections to PlugTail Connector

### FEATURED "FAST" USB CHARGING SOLUTIONS

PTTR15ACUSBW | PTTR20ACUSBW

**PlugTail® 15A & 20A Tamper-Resistant USB Type-A/C Receptacles, White**

- Include (1) USB Type-A Port & (1) USB Type-C Port
  - 3.1A charging capacity per port
- PlugTail® termination provides a faster, safer and more reliable installation

TR15USBACW | TR20USBACW

**Pass & Seymour® 15A & 20A Tamper-Resistant USB Type-A/C Receptacles, White**

- Include (1) USB Type-A Port & (1) USB Type-C Port
  - 3.1A charging capacity per port

Additional Colors Available\*

\*Note: Not all devices are available in all colors.

# ADDING CONVENIENCE

## with the 2-in-1 GFCI USB Outlets

Saving time is great. So is saving space and hassle.

With our GFCI USB combination devices, consumers can charge anywhere they want with greater ease and flexibility. Perfect for places requiring GFCI protection – including kitchens, bathrooms, patios and pool areas – these all-in-one devices make it possible to provide superior safety without limiting the how and where a customer might want to charge.

### FEATURED "FAST" USB CHARGING SOLUTIONS

1597TRUSBACW | 2097TRUSBACW

**radiant® 15A & 20A Tamper-Resistant Self-Test GFCI USB Type-A/C Outlets, White**

- Include (1) USB Type-A Port & (1) USB Type-C Port
  - with GFCI
- 2A charging capacity between ports

1597TRWRUSBACW | 2097TRWRUSBACW

**radiant® 15A & 20A Weather & Tamper-Resistant Self-Test GFCI USB Type-A/C Outlets, White**

- Include (1) USB Type-A Port & (1) USB Type-C Port
  - with GFCI
- 2A charging capacity between ports
- Weather-resistant for outdoor use on patios, decks, pool areas and more.

1597TRUSBCCW | 2097TRUSBCCW

**radiant® 15A & 20A Tamper-Resistant Self-Test GFCI USB Type-C/C Outlets, White**

- Include (1) USB Type-A Port & (1) USB Type-C Port
  - with GFCI
- 2A charging capacity between ports
