

ANOTHER DOTTIE INNOVATION!

The **TIP-BITS**™

REPLACEABLE-TIP STEP DRILL BITS

*The tip pops out for
replacement!*

**Extreme performance
at less overall cost!**

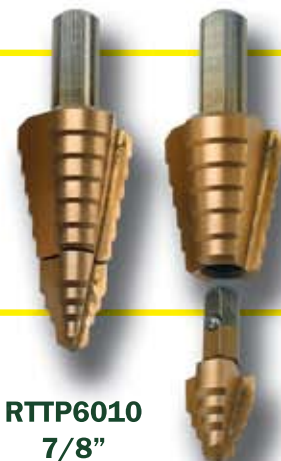

- ✓ No need to buy a new bit when just the tip is worn.
- ✓ You get more bit for your buck. The replaceable-tip is also actually a 1/2" bit in itself.
- ✓ A real money saver. Base bits last 3 to 4 times longer at a fraction of the cost of new bits.
- ✓ Economical replaceable-tips lock in place.
- ✓ Step bit performance remains identical to that of non-replaceable tip bits.
- ✓ All replaceable-tip bits feature a patent pending, cooler running, low torque tri-point construction.
