dash™

CONFIGURABLE POWER SOLUTIONS

Contemporary in design, Legrand's dash™ line of furniture power provides configurable and convenient access to power, charging, and data, wherever you need it. Order from our stocked, ready-to-ship collection, or design your own solution to meet the specific needs of any commercial or hospitality environment.

The line of dash power solutions is comprised of three innovative products with a modern look that compliments high-end interiors. All dash products are available in white or graphite finishes and have a common set of cubes to create a perfect combination of devices spread throughout a space.

dash™
FURNITURE POWER CENTER

The dash™ Furniture Power Center easily installs directly into furniture, providing convenient access to power, data, or control of nearby devices with the built-in switching controls, while maintaining a sleek design. A standard offering of configurations is available or custom configurations can be created to meet the individual needs of each space.

The dash Furniture Power Center is designed to blend into spaces, complementing the existing décor with multiple trim plate finishes available and no exposed screws. Provide a simple and elegant way to stay connected with dash.

FEATURES & BENEFITS

BUILT-IN SWITCHING
Select configurations allow ability to control cord-ended lamps with built-in switching

DEVICE CHARGING
USB charging cube includes 15W USB-A and USB-C ports for convenient device charging

MODERN DESIGN
Clean design with matching trim plate included and additional trim plates available in brass, bronze, and stainless steel

CUSTOMIZATION
6' or 10' power cord lengths | Available in configurations from 2-6 cubes

| 15A Tamper-Resistant Rotated Outlet | 15A Tamper-Resistant Outlet | Circuit Breaker (used with 4 or more outlets) | Push Button Light Switch | Keystone & TracJack® Data Port Adapters | 15W Combo USB A/C Port |
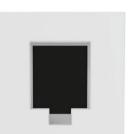

dash™
POWER TOWER

The dash™ Power Tower supplies interior spaces with convenient access to power and charging in a slim, modern design. This free-standing Power Tower blends into any environment and features a retractable 8' power cord, allowing the tower to be moved and placed anywhere within a space. A standard offering of Power Towers are stocked, read-to-ship, but custom Power Towers can be specified with up to 6 cubes in either white or graphite.

FEATURES & BENEFITS

RETRACTABLE CORD
An 8-foot retractable cord makes this power tower easily movable within spaces

USB CHARGING
USB charging cube includes 15W USB-A and USB-C ports for convenient device charging

SLIM, MODERN DESIGN
The dash Power Tower is designed to blend right into any space with white or graphite color options

CUSTOMIZATION

Available in configurations from 4-6 cubes

15A Tamper-Resistant Outlet

15A Tamper-Resistant Rotated Outlet

15W Combo USB A/C Port

dash™
DESKTOP POWER CENTER

The dash™ Desktop Power Center provides designers with a higher degree of customization and gives users easy access to power and data connectivity at the work surface. Available from 2 to 6 cubes, the unit can accommodate options including tamper-resistant 15A outlets, combo cube with 15W USB A/C ports, or a blank keystone module for data connectivity. The desktop unit is available in either white or graphite finishes, features a braided fabric cord and aluminum housing for a modern, high-end finish.

FEATURES & BENEFITS

VERSATILE MOUNTING OPTIONS
Edge Mount, Clamp Mount, or Under Table Mount options are available and require minimal hardware

CONTEMPORARY DESIGN
Features a fabric power cord (6' or 10'), white or graphite color options, and aluminum housing

DATA CUBE OPTION
Keystone cube can be specified on configurations of 3 cubes or more

CUSTOMIZATION

6' or 10' fabric power cord lengths | Available in configurations from 2-6 cubes
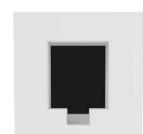

| 15A Tamper-Resistant Rotated Outlet | 15A Tamper-Resistant Outlet | Circuit Breaker (used with 4 or more outlets) | Keystone Data Port Adapters | 15W Combo USB A/C Port |
