

TOUCH™ DIMMER, 0-10V, WHITE

ADTH4FBL3PW4 | [adorne](#)

FEATURES & BENEFITS

USAGE

- Perfect anywhere you'd like to turn lights on and off with the touch of a finger and enhance the control with the option to dim.
- The Touch Dimmer features a stunning translucent, glass-like face and operates just like an iPod®—simply press your finger on the circle to turn lights on and off, or use the arrows on the right to dim them.
- Use on its own to control a light from one location (single-pole operation) or pair with a 3-way switch to control a single light source from two locations (three-way operation).
- Pair with matching Touch Switch to create a uniform look throughout a room or your entire house.
- This item is also available in [magnesium](#) and [graphite](#).

GETTING STARTED

- Time to install: 15 minutes or less.
- Fits existing electrical box and does not require new wires for typical installation.
- Innovative snap-in system ensures easy installation.
- This item requires an [adorne Wall Plate](#). [Shop now](#) to choose from dozens of finishes including a variety of luxurious metals, or order in your own custom finish.
