

Type 4/4X Filter Fan Shroud Pest Guard

 1 (1x)	 2 #10-24 X 3/8 THREAD FORMING 2.3 - 2.8 Nm [20 - 25 in/lbs] (2x)
---------------	--

Disclaimer

For general ventilating use only - not suitable in all applications or environments. Do not use these fans to exhaust hazardous or explosive material and vapors. Spraying water directly up the bottom of the shroud will incur water ingress. To protect sensitive components against condensation, an enclosure heater or closed-loop cooling is recommended. To protect sensitive components against corrosive elements, closed-loop cooling is recommended. UL rating contingent on proper use of nVent HOFFMAN Type 12 filter fans with filter media.
